About the job

TeamViewer provides a leading Digital Workplace platform that connects people with technology—enabling, improving and automating digital processes to make work work better. Our software solutions harness the power of AI and shape the future of digitalization.

You've saved this job. [See saved jobs](#)

are key to the success of our
s around the world and around

645,000 customers across all industries rely on. With more than 1,900 employees worldwide, we celebrate the unique perspectives and talents that each individual brings to the table and

foster a dynamic work environment where new ideas thrive. Are you ready to join our team and make an impact?

Responsibilities

- Execute manual testing for mobile applications (Android/iOS) focusing on reliability, usability, and end-to-end functional behavior.
- Design, execute, and maintain mobile regression suites.
- Validate mobile integration flows (integrations with desktop and web apps).
- Review and prepare test plans across the full SDLC, ensuring mobile-specific requirements and platform constraints are considered early.
- Ensure full test coverage for supported devices and OS versions.
- Actively participate in Scrum ceremonies, providing clear feedback on mobile usability and platform-specific issues from an end-user perspective.
- Collaborate closely with QA Engineers, Automation Engineers, Mobile Developers

Requirements

- Degree in Computer Science, Information Technology, or equivalent practical experience.
- Hands-on experience in mobile testing (Android and iOS) including app installation flows, permissions, OS-level behaviors, and device variations.
- Experience with API testing is a strong advantage (especially for validating mobile-to-backend communication).
- Programming experience in Java— especially if used in mobile automation (Appium/Selenium) is a plus.
- Familiarity with Jira and/or any other Test Management tools, including writing mobile-specific test cases and managing coverage, is a requirement.
- Fluent in English (spoken & written).
